

## Scouting Memorial & Legacy Garden

Visible from Rancocas Road, the Fleur de Lis is a clear reminder to all who pass that Scouting is alive and well.

Our goal is to keep Scouting strong for generations to come. Now, through the **Scouting Memorial and Legacy Garden** project, the patio will serve as a symbol of the enduring strength of the Scouting legacy in South Jersey. Our goal through this project is to keep Scouting strong for generations to come.

### How does the **Scouting Memorial and Legacy Garden** project work?

The fleur-de-lis patio is made up of several hundred clay bricks which are being offered to the Scouting community in order to express their sentiments regarding Scouting's past, present and future.

For each brick that is "sold", resources will be set aside to support current and future Scouting programs, maintain the Service Center, and secure the future of Scouting through contributions to the Council Endowment fund.

Please consider making a permanent tribute to someone special in your life AND providing for the future of Scouting by purchasing a brick today. See the back of this form for an order form.
